Art Unit: 3632

This is the third office action for application number 10/694,041, Stand for Display, filed on October 28, 2003.

Information Disclosure Statement

The examiner is considering the information disclosure statement (IDS) submitted on November 18, 2005; however, the U.S. Patent 6,822,857 was improperly listed on attachment 1(g). The examiner has included this prior art reference on form PTO-892.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 38-46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 38 recites the limitation "the supporting case" in line 8. There is insufficient antecedent basis for this limitation in the claim.

Claim 39 recites the limitation "the supporting case" in line 9. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 38 is rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent 6,015,120 to Sweere et al., hereinafter, Sweere, in view of U.S. Patent 6,134,103 to Ghanma. Sweere discloses a stand (510) for a display (516), comprising: a base (512); a supporting member (524) having first and second ends, rotatably engaged with the base at the second end of the supporting member; and wherein the base comprises a base plate, and a seating part (514) having an engaging opening, wherein the base plate comprises an extending part, extending from the base plate to increase stability of the base.

Sweere discloses the claimed invention except for the limitation of a first cover and a second cover. Ghanma teaches a stand for a display having a base (85) having a base plate and seating part, an extending part, and a first cover (82) and a second cover (84) respectively disposed on opposite sides of the base plate. It would have been obvious to one having ordinary skill in the art at the time the invention was made to have modified the base in Sweere to have included the first and second covers as taught by Ghanma for the purpose of further increasing the stability of the stand to prevent the base from toppling when the display is extended.

Allowable Subject Matter

Claims 1, 4, 5-11, 14-37, 47, and 48 are allowed.

Claim 39 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 40-46 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments with respect to claim 38 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

U.S. Patent 6,305,659 to Metelski

U.S. Patent 6,889,953 to Harbaugh

The above patents both disclosed assembled bases for displays.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 3632

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
